

# Certified Business Analysis Professional (CBAP®) and Competency in Business Analysis (CCBA®) Exam Preparation Course

Price  
**\$2,695.00**

Duration  
**4 Days**

Delivery Methods  
**VILT, Private Group**

This is an intermediate/advanced course designed to provide participants with a clear understanding of the concepts covered within the CBAP® and CCBA® exams. The course provides valuable tips and techniques to help students prepare, study, and assess their personal readiness. Participants will work through instructor led discussions on each of the six Knowledge Areas covered by A Guide to the Business Analysis Body of Knowledge™ (BABOK® Guide) version 3 and will be provided opportunities to answer simulated questions to gain skill and familiarity with applying personal knowledge to answer sample questions. Participants will review a number of business analysis techniques and personal skill competencies to understand how best to prepare for questions covering such topics. Each of the five business analysis Perspectives presented in the BABOK® Guide will be reviewed to support students in answering exam questions in these areas. After completing this course, participants will be better prepared to develop their study plan and will have identified knowledge gaps so study efforts can be directed toward their most critical areas. Students will also gain a solid understanding of key business analysis vocabulary to support this work.

**NOTE: This course will earn you 28 PDUs.**

## Who Should Attend

Designed for individuals interested in obtaining information about the CBAP® and CCBA® exam process especially potential exam candidates interested in pursuing business analysis certification from IIBA® in the next 3 to 6 months.

**This class is not currently scheduled.**
