

# IBM Sterling B2B Integrator Fundamentals

Price  
**\$4,075.00**

Duration  
**5 Days**

Delivery Methods  
**VILT, Private Group**

Provides end-to-end enterprise integration server for dynamic real-time and near-real time business collaboration and commerce automation.

## Who Should Attend

This course is designed for EDI End Users, Connect: End Users, Web Developers, as well as System Administrators.

## Course Objectives

This 5-day instructor-led course provides students with a detailed examination of Sterling B2B Integrator, which provides end-to-end enterprise integration server for dynamic real-time and near-real time business collaboration and commerce automation. This course teaches students techniques, tools and recommended practices that can be used to run a business process, create a business process using the Graphical Process Modeler, explain how to create a service configuration, explain how to track an executable business process, and discuss the basics of Sterling B2B Integrator through a combination of lecture and hands-on labs.
