

Final Cut Pro for Social Media

Price
\$299.00

Duration
1 Day

Delivery Methods
VILT, Private Group

This one day live + self-paced class will teach you some of the fundamentals of post-production and walk you through creating a trailer from start to finish. In this class, we'll learn how to import footage from our phone and other sources as well as create, edit, add video effects, color correct and share stories with our audience.

Who Should Attend

If you are a social media content creator or just someone looking to expand your editing skills this course is for you
