DESCRIPTION

The Viking 22 is designed with a planing hull and is a capable coastal cruiser offering owners a sporty capability with the ability of using a trailerable craft in both inland and coastal locations. The design of the hull is such that the craft can be powered by larger single or twin engines offering a planing capability for coastal locations

The Viking 22 is fitted with a 40hp EFI ELPT Mariner outboard motor. As with all Vikings larger engines are available and a large selection of options can be fitted to personalise to individual tastes, please contact us for full prices and list of options upgrades available to 60 hp or twin 30 hp units.

FULL SPECIFICATION

Layout

CABIN

The interior of the Viking 22 offers accommodation for four in two sleeping areas. The cabin is laid out with a large seating area forward which easily converts into a good sized double berth using the dining table. To port aft of this is a cupboard where the optional fridge can be located. Opposite and to starboard is the galley with storage beneath the worktops. The sink and hob is fitted with a flush fitting fold down glass cover. Opposite the galley the toilet room is found with a cassette flush toilet, shower and foldaway sink. Beneath the cockpit floor a generous double berth being 7' in length with an opening window to the cockpit. Aft again a large storage locker for tender or other useful items.

COCKPIT

The cockpit features the helm to port with steering via a cable to the outboard, single lever engine controls and ancillary switches. A double helm seat with storage below is to port with further seating aft in a bench design. Access to the decks is by a moulded step ahead of the aft seat.

EXTERIOR

The Viking 22 is fully hand moulded featuring a gel

coat exterior strengthened by chopped strand matt. All exterior fittings are in stainless steel and the boat has side decks of approximately 6" in width, sturdy handrails are located on the cabin top and the bow is surrounded by a stainless steel pulpit. The cockpit screens are fixed with an option to be specified to fold for navigation beneath the lowest of bridges.

OPTIONS

The Hi Line specification of a Viking includes; Oven and grill, hot and cold water, shower and fold down sink, cassette flush toilet and antifouling. It is to purchasers choice to order a Hi Line or the standard craft which retails at £3550 less without these features. All craft built by Viking Mouldings can be fitted with further options customising each boat to individual tastes including such items as cabin heating, bow thruster, sea toilet, radio CD player. A full list is available upon request.

ENGINES

All Viking models are outboard powered. As standard prices are quoted with Mariner outboard models, we can offer prices for any outboard to purchasers choice and size depending on individual preferences and planned location of cruising.
